

New Stop Option Beginning July 1, 2019:

Yeon and Express North and South!

TriMet stop IDs 12754 and 6458

New Stop Option Beginning July 1, 2019:

Yeon and Express North and South!

TriMet stop IDs 12754 and 6458

Where are the stops?

Both stops are located approximately ¼ mile south of NW Kittridge Ave., next to Chapel Steel. Signage will be placed by implementation date. Look for the CCRider logo on the TriMet signage.

Why are we adding these stops?

The new stops connect to the TriMet line 15, giving access to NW Portland and Good Samaritan Hospital. The new stops allow for better access for those who work in NW Portland.

Please Note these stops are by request only. You must let the driver know you want to get off, or be standing at the stop when the bus arrives. The bus will not automatically stop here.

SPECIAL THANKS TO TRIMET FOR THEIR PARTNERSHIP IN ALLOWING US TO USE THIS STOP.
