Supporting “Car Free” transportation, NW Connector website now has an easy-to-use [Trip Planner](#) for taking transit to and around NW Oregon. Riders just need to type in a starting address and destination within the NWConnector area, and the trip planner will do the work figuring out the best trip routes. It will even show the trip options on an Interactive Map.

Additionally, riders now have more trip planning options such as calling in to reserve a pick up or drop off within 3/4 mile of normal scheduled routes depending on the time needed and accessibility of the location by bus. Riders with special needs can also use the Trip Planner to make advance trip reservations 24 hours/day.

The NWConnector offers 3 and 5 day travel passes for riders expecting to stay extra days in the area, providing them unlimited travel. The website also shows different events and ideas for things to do while in NW Oregon. Riding the NWConnector means leaving your car and stress at home.

The NWConnector connects people and communities, supports a strong and vibrant NW Oregon, and makes transportation accessible to all.
